

**COASTAL BEND FOUNDATION REPAIR
P. O. BOX 515
EDNA, TEXAS 77957
1-800-460-8594**

August 17,2000

Mr. Bob Barton
100 E. Summit.
Schulenburg, Tx. 78956

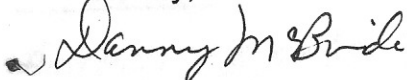

Dear Mr. Barton:

Thank you for the opportunity to handle the foundation repairs for your home. Coastal Bend Foundation uses the hydraulic-driven system of foundation repair. This system was invented by Perma Pile. Since we use this type of system we are able to give our customers a life time warranty which is transferable if you sell your home. MY LIFETIME WARRANTY IS A GUARRANTEED WARRANTY BACKED-UP BY A TRUST FUND. We will relevel your home at no expense to you if the job we do ever fails.

Enclosed is a drawing of your property showing the areas that I suggest are in need of repair. The problems with your home appear to be around the perimeter of the foundation, indicated by pilings numbered one thru eighteen (1-18). The cost of these repairs will be \$4,580.00. It is possible that we may not need pilings numbered 12,16, and 18. If we do not place these pilings the cost of repairs will be \$3,780.00. If we need to add any additional pilings we will do so only with your approval.

If you have any questions please give me a call. It will take approximately three days to complete the repairs to your home, weather permitting. As per your request I have placed you on our schedule for October 25,2000. If I can get to you sooner I will.

Sincerely,

Danny McBride
Owner
