## AUCTIONEER'S NOTE:

**Preston has been in the livestock business for 50+ years**, was a purebred Simmental Fleckvieh bloodline breeder, one of the first to import Senepol, and a forward thinker in the Ag industry. When he was not on the farm he would travel across the state and sit in the court room behind the bench in black robe and when he got out of the courtroom he would head back to the farm, spend time with his wife, Marsha, in the outdoors with his cattle. Be Here Sale Day to wish him well in his retirement and take-home good equipment.
