Re: 7728 Chapman Road
Kingsville, MD 21087

The septic inspection on September 30, 2019 was performed at 7728 Chapman Road, Kingsville, Maryland 21087.

The septic system consists of a concrete septic tank with 30" plastic manway riser. Baffles are intact. There are 3 drain fields approximately 50' long.

The system is in good working order. The tank was also pumped at the time of inspection
